**AWS-1_SB**
3 Spaces separated by walls

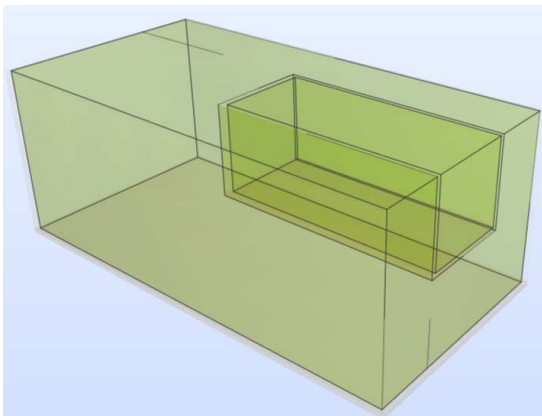

AWS-2_SB
5 Spaces separated by walls

AWS-3_SB
2 Spaces separated by walls
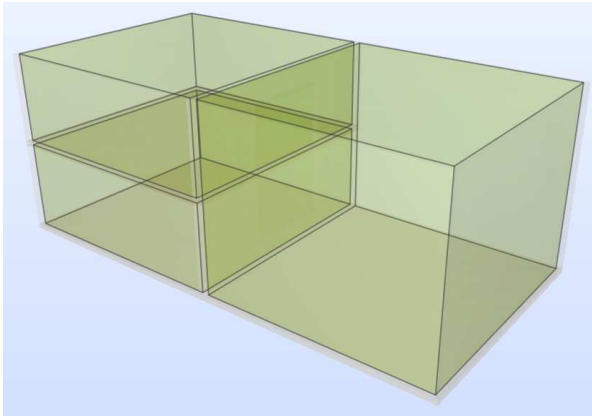

AWS-4_SB

3 Spaces. Some Spaces connected directly (no openings)

AWS-5_SB

3 Spaces internal opening (window) between some Spaces

CSC-1_SB

3 Spaces. 2 of them separated by a shared column, which is placed (not centred) between two walls

CSC-2_SB

3 Spaces. 2 of them separated by a shared column, which is placed (centred) between two walls

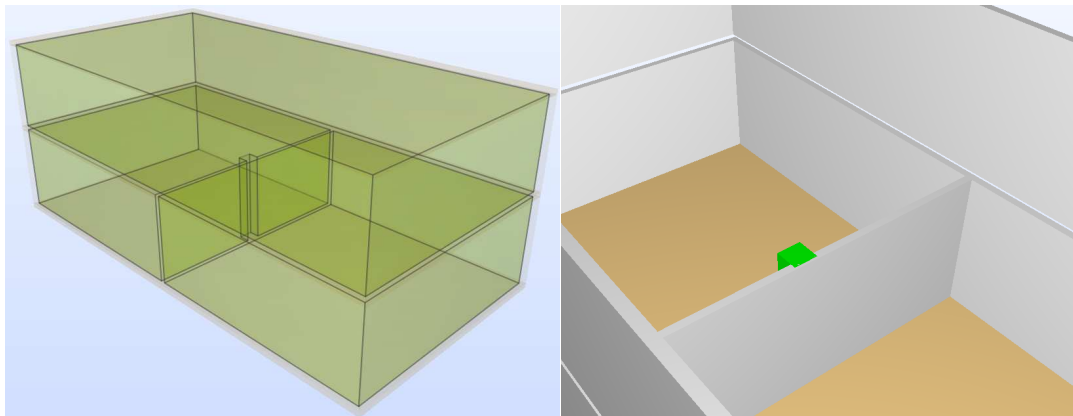

CSC-3_SB
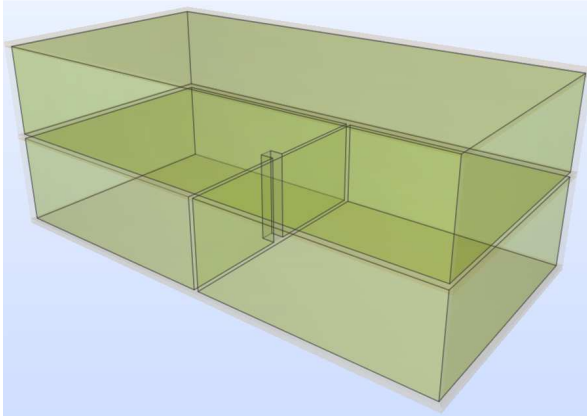

2 Spaces. Ground floor space with an exterior column

CSC-4_SB

3 Spaces. One Space has a Column, which is partially overlapped with an wall
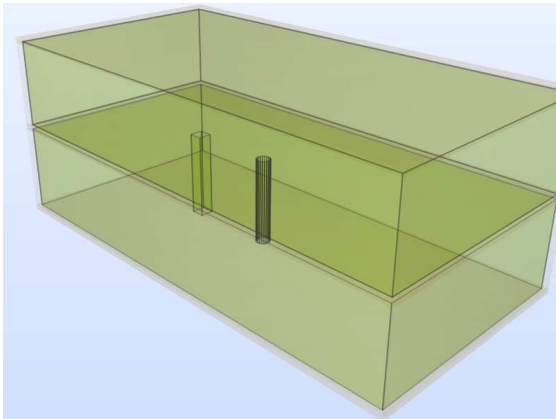

CSC-5_SB

3 Spaces. Same as CSC-4_SB (One Space with a column) but NOT OVERLAPPED

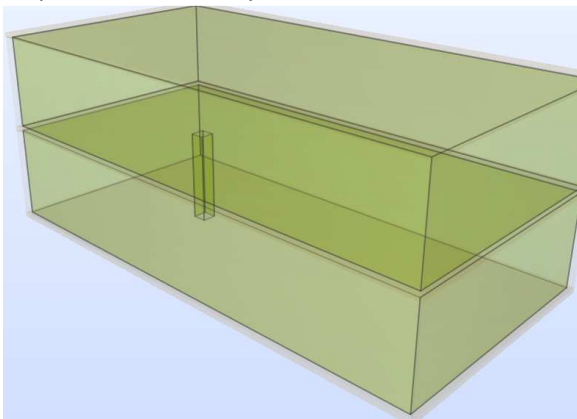

CSC-6_SB

2 Spaces with two fully internal column inside the ground floor space. One with a square section and the other with a rounded section.

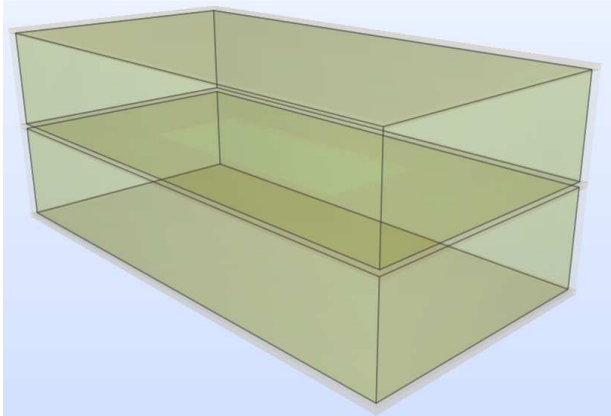

CSC-7_SB

2 Spaces with an fully internal column inside the ground floor space

CSO-1_SB

2 Spaces separated by a slap with a rectangular gap in the middle.

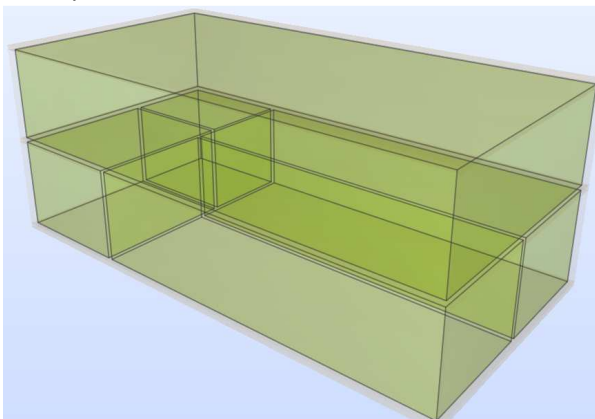

CSO-3_SB

Two spaces separated by a slap with a gap in the middle. Ground floor space is higher than should be, it overlaps the ceiling (IfcSlab)

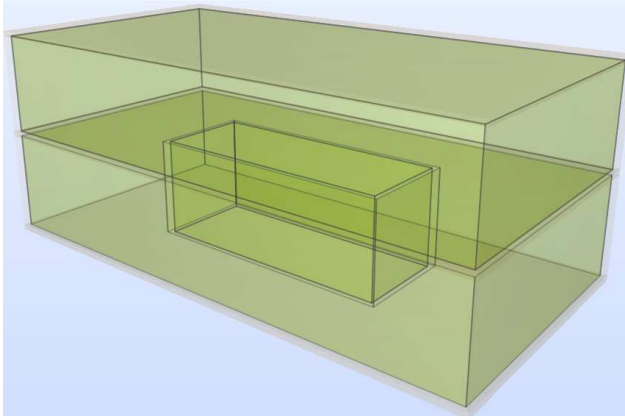

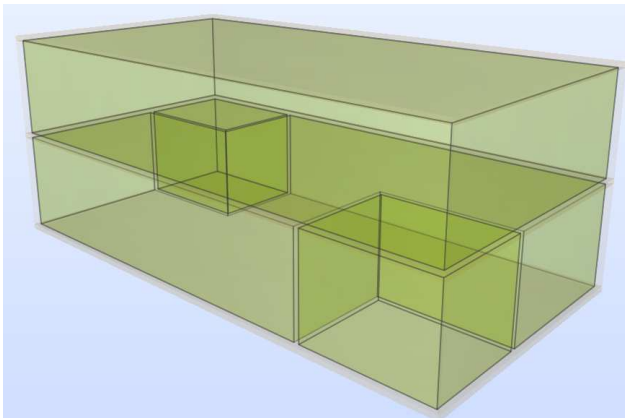

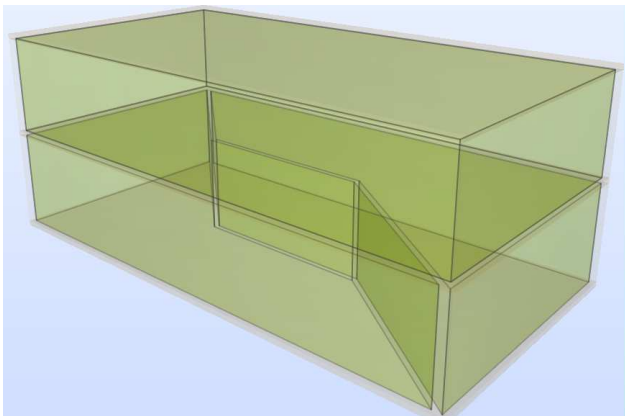

CSW-1_SB

Five Spaces

CSW-3_SB
Three spaces

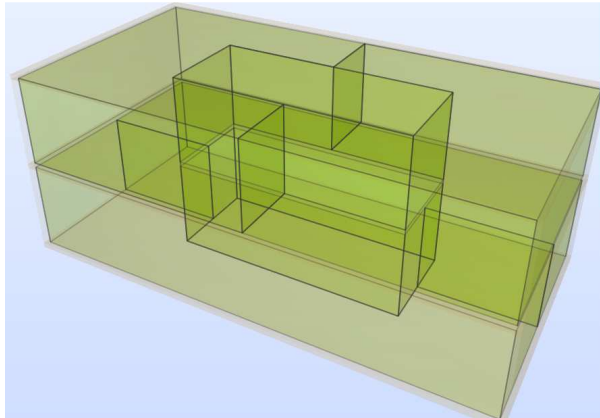

CSW-4_SB
Four spaces

CSW-8_SB
Three spaces

SOAW-1_SB

Five spaces. Gap in a slab with a space from ground to roof. Direct contact between spaces.

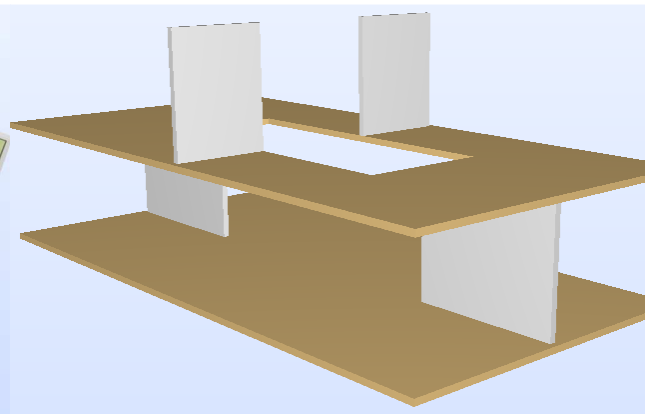

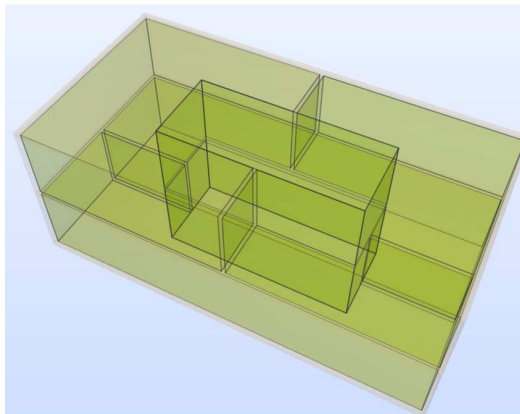

SOAW-3_SB

Eight spaces. Slab with a gap with space from ground to roof

SOWW-1_SB

Five spaces. Slab with a gap with space from ground to roof. Spaces separated with walls or with direct contact (no openings)
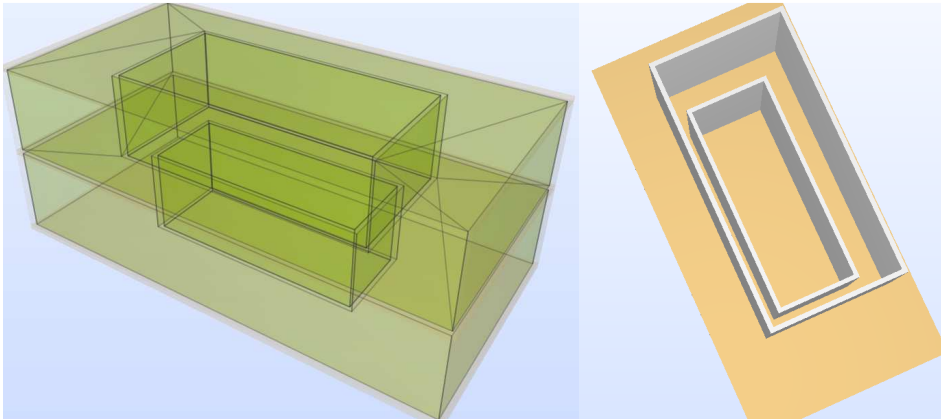

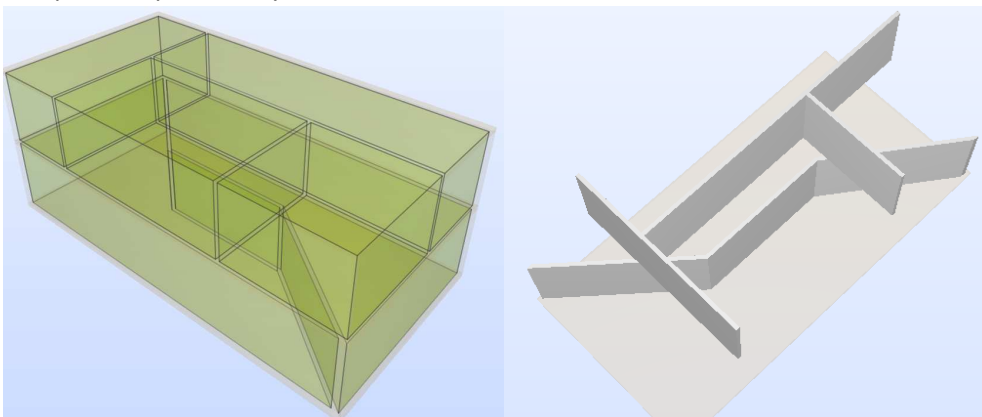

SOWW-3_SB
Six spaces

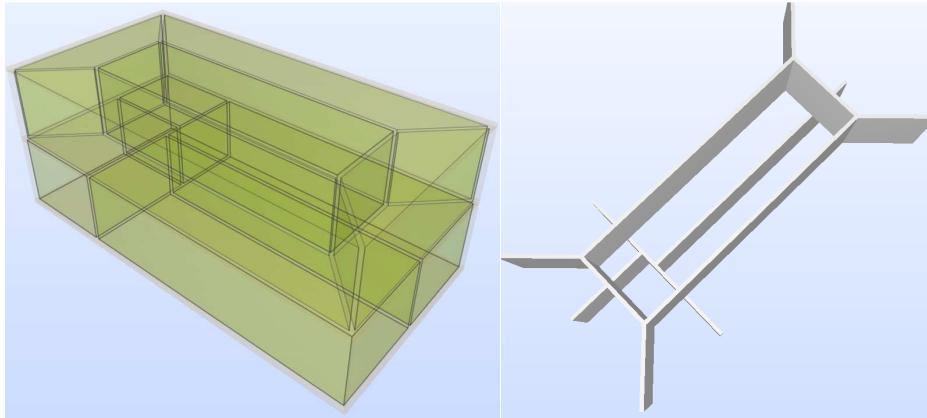

SWW-3_SB
Four spaces separated by walls

**SWW-4_SB**
Six spaces separated by walls

SWW-5_SB
Nine spaces separated by walls (no openings)

**Wi-1_SB**
Two spaces. Centred opening (window)

Wi-3_SB
Two spaces. Centred opening (window) from bottom to top of the wall

Wi-4_SB

Three spaces. Opening (window) shared by two different spaces.
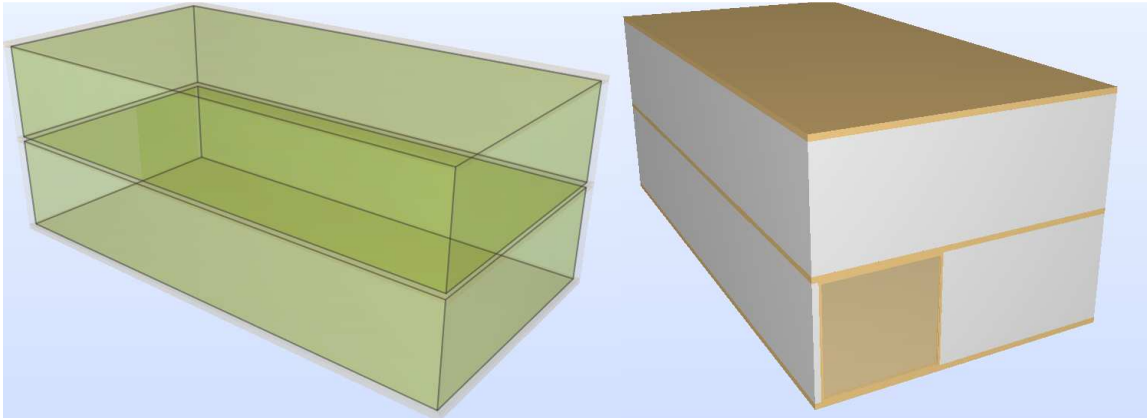

Wi-5_SB

Two spaces. Window at the corner

Wi-6_SB

Two spaces. Two openings (windows) attached to each other in the same wall and space.
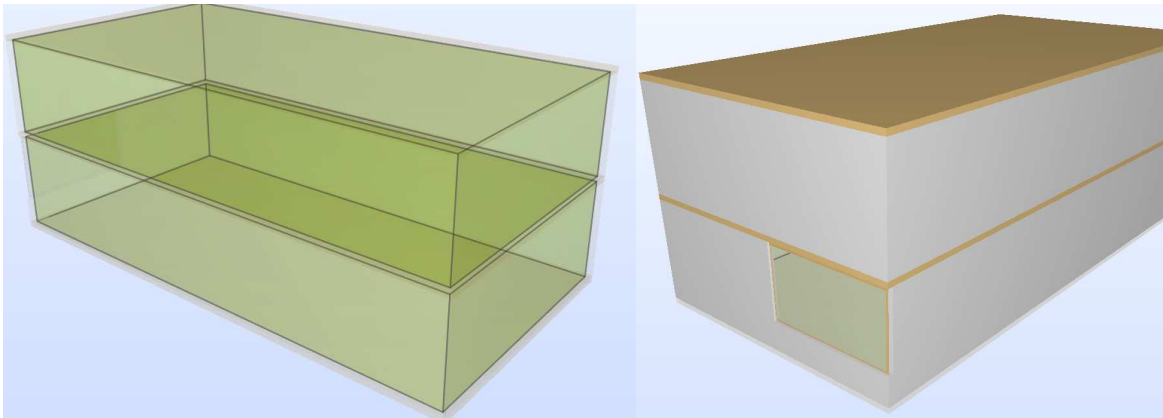

Wi-7_SB

Two spaces. Opening (window) covering from bottom to top of the wall at a corner

Wi-9_SB

Two spaces. Opening (window) at a corner.

WW-3_SB

Four spaces. Wall with a gap (neither opening nor direct contact between spaces)
